

Finding My Place In Our Story - Life Group Questions

1. The story of Nehemiah's visit to see the rubble of the broken down wall tells us that he took a few other people with him. As you have looked for the rubble in and around your own life would you say that this Life Group has helped you find other people who you can take that trip with? If not, what can we do to build these kinds of relationships?
2. In what ways are you engaging in your life with expectancy in your personal life? What about in your FYM? Where do you struggle to maintain expectancy in your personal life? What about in your FYM?
3. Who are some of the people who you believe that God has placed on your team? What are some practical ways that you can strengthen their hands?
4. Pastor Dan talked about the importance of sharing your life with those around you. What might that look like for you?

Front Yard Mission Questions:

1. Pastor Dan talked about the principle of doing for one what you wish you could do for everyone. This can be true for your FYM as well. What is something that you wish you could do for every person in your FYM that you could do for at least one?
2. What might it look like for you to share your life within the context of your FYM? What is the next step for you to take this week to move in that direction?

Make sure to point your group toward the "Going Deeper" resources at calvarysc.org/deeper

Also, make sure to take some time to pray over one another regarding what's been shared in your time together!
