

Christ, Community, Calling Reset - Life Group Questions

1. Stacy made the statement that what we magnify we get more of. In what ways have you found that statement to prove true in your own life?
2. He also asked us to ponder how we could cultivate a heart of worship. What are some ways that we can do that?
3. Scott stated that community is a gift from God that calls us out of hiding. How have you noticed yourself trying to hide from either God or others? What can we do to help each other choose to come out from our hiding spots?
4. Bret said that we cannot give a true testimony that Christ is in the highest place if we continue to grasp for power/control in a lower place. Where have you found yourself trying to control things around you rather than “being still” and trusting God?
5. Bret also asked us to consider what might change in how we live if we were fully convinced that our best interests were eternally secure in Christ. How would you answer that question?

Front Yard Mission Questions:

1. What do you think might change within your FYM if you committed to cultivating a heart of worship in your life?
2. How might you create a sense of community within your FYM?
3. What are you going to do this week to engage in your FYM?
